EXPERIENCES

APR, 2022 – CONTINUE

Graphic Designer

i-Creative MarCom

- Study design briefs from various clients and determines their requirements.
- Create illustrations, logos, and other designs from scratch using software or by using pen and paper.
- Conceptualize visuals based on the client's requirements.
- Using Digital Graphic Design software to create Graphic Images and Design Layouts that communicate company messaging and achieve artistic or decorative effects, including a selection of colors, images, and fonts.
- Select colors, images, typography, and layout for communication materials, including websites, logos, signs, books, magazine covers, annual reports, advertisements, and social media posts.

MAR, 2021 – OCT, 2021

User Interface Designer

Ghuddy Limited

- Communicated with product managers and UX designers to translate project requirements and business objectives into polished user interfaces.
- Analyzed existing interfaces to detect user pain points, recommending design changes and iterative updates to the IT manager.

NOV, 2019 – FEB, 2020

Graphic Designer

North South University

- Worked with clients to gather and define requirements, establish scopes and managing project milestones.
- Designed website layouts, templates and unique branded looks.
- Completed in-depth product design tests with help of different software, models and design systems.
